BIT project

valuable sustainable solutions

in BIT, sin dal primo giorno, abbiamo imparato a coltivare idee e soluzioni innovative. Immaginare, esplorare, sperimentare; spostare il focus dalla regolarità alla possibilità. Non abbiamo mai investito nella creatività individuale, ma nelle opportunità in cui le menti potessero interagire, realizzando un pensiero collettivo e un impulso a trasformare le semplici idee in nuove realtà.

since day one, in BIT we have learned to cultivate ideas and innovative solutions. Imagine, explore, experiment; shift the focus from regularity to possibility. We have never invested in individual creativity, but in opportunities where minds could interact, realizing collective thinking and an impulse to transform simple ideas into new realities.

GREEN VOCABULARY

glossary

Ogni brand, ogni soluzione, ogni materia prima utilizzata, segue processi produttivi innovativi ed obiettivi di valore sociale. Ogni progetto e ogni scelta di BIT ha come fine quello di ampliarne la ricerca, supportare percorsi di sostenibilità verso una consapevole e diffusa economia circolare.

Every brand, every solution, every raw material used follows innovative production processes and socially beneficial objectives. Every project and every choice made by BIT aims to expand its research and support sustainability initiatives toward a conscious and widespread circular economy.

***compostabile* | compostable**

si riferisce a prodotti che, successivamente al loro utilizzo, possono essere recuperati mediante un processo biologico che trasforma i rifiuti in fertilizzante naturale

refers to products that, after their use, can be recovered through a biological process that transforms waste into natural fertilizer

***riciclabile* | recyclable**

la stessa materia si trasforma e viene riutilizzata per generare nuovi prodotti, un circolo di produzione e recupero continuo

the same material is transformed and reused to generate new products, a continuous production and recovery cycle

***riutilizzabile* | reusable**

prima di sostituirlo o scartarlo, il prodotto può essere utilizzato più volte nel tempo, limitando sprechi e dispendio di nuove risorse

before replacing or discarding, the product can be used several times over time, limiting waste and the expenditure of new resources

***riciclato* | recycled**

ridurre le materie primarie utilizzate per la realizzazione di un nuovo prodotto, sostituendole con materiali secondari che possono avere un ulteriore utilizzo, riducendo gli sprechi e limitando ciò che viene scartato

reducing the primary materials used to create a new product, replacing them with secondary materials that can be used again, reducing waste and limiting what is discarded

***rinnovabile* | renewable**

specifica la possibilità responsabile di usufruire di una risorsa di origine naturale in grado di rigenerarsi nel tempo

specifies the responsible possibility of using a natural resource capable of regenerating itself over time

***circolare* | circular**

inerente l'approccio sistemico che punta a mantenere materiali e prodotti in uso per un periodo di tempo continuativo

relating to the systemic approach that aims to keep materials and products in use for a continuous period of time

INFO PERSONALIZZAZIONE

*Ogni prodotto può essere personalizzato in funzione del progetto, attraverso colori, texture, pieghe e altre finiture dedicate, per creare una **soluzione unica** e distintiva. Per approfondimenti e valutazioni specifiche, fare riferimento all'ufficio commerciale.*

*Il **colore** della personalizzazione risulterà necessariamente in una tonalità più scura rispetto al supporto scelto, ad eccezione del supporto nero, sul quale la stampa sarà realizzata esclusivamente in tonalità simil bianco ("simil white").*

*Le **quantità** effettivamente prodotte possono presentare una tolleranza indicativa del ±10% rispetto alle quantità ordinate.*
*I costi di realizzazione dei **cliché** di stampa vengono definiti in base a formato, modello e tipologia di piega richiesta.*
*I **tempi** di produzione sono da considerarsi indicativi e possono subire variazioni in funzione delle lavorazioni richieste e della programmazione produttiva.*

CUSTOM INFO

Each product can be customized according to the project through colors, textures, folds, and other dedicated finishes, creating a **unique and distinctive solution**. For further information and specific evaluations, please contact the sales department.

The customization **color** will necessarily appear in a darker tone compared to the selected material, with the exception of black material, on which printing will be produced exclusively in a white-like tone ("simil white").

The **quantities** actually produced may vary by approximately ±10% compared to the quantities ordered.
The **clichè** production costs are determined according to format, model, and fold type required.
Production lead **times** are to be considered indicative and may vary depending on the requested processes and production scheduling.
